

MOTOROLA UHF MTX4500 Handheld Radios *(Sold as a package of 6 or, individually)*

GENERAL

These are re-furbished current model radios meeting as-new Manufacturer's Specifications. They are extremely durable and moisture resistant and are generally ex-US Prison, Ambulance & Police Radios.

UHF Radios are more suited to Urban & Downtown use such as Electricians, Contractors, Entertainment Centers Etc. They will perform well within large buildings, factories or, between buildings

They are not recommended for bush use i.e. Skiing, Campsites, Hunting, Hiking, Farming or Forestry

For Rural use or Hunting, Skiing, Hiking, Camping, Etc. VHF Radios are suggested

These Radios are supplied programmed to talk to each other or, we can, at no extra charge, program to your Frequency & Codes. If these are not known, you can send us one of your existing radios which we will copy & return.
